Latgale

ENG

Latgale is particularly known for its colourful pottery. Many artists are happy to host visitors at their workshops.

Latgale Latvian language. Their sincerity and generosity is not limited to Latvia's largest, deepest and most islanded lakes – Lake Lielā and Lake Rāzna, but also extends to the region's numerous Catholic Orthodox, Old Believers' and Lutheran houses of worship that dot its landscapes. The most well-known is the brilliant white of the Izbickas Basilica, built in the Baroque style and which attracts several thousand pilgrims every year.
